

PRODUCT INFORMATION

Trays Designed for the Pharmaceutical, Biotechnology and Healthcare Industries

MTD Company provides pre-formed and custom-designed plastic trays. Our trays adhere to the strict quality assurance standards in product storage, in-process handling and shipping. Utilized by pharmaceutical companies worldwide, our trays can be used with automatic tray loaders and unloaders, as well as rotary unscramblers and accumulators.

Container Storage Trays Hold:

- Ampoules
- Vials
- Bottles
- Aerosol canisters
- Any specialized container specific to your product

Types of Plastics Used:

- Medium-impact styrene
- Polycarbonate (autoclavable)
- Any plastic material that fits your special applications

Quality control is integrated in the manufacturing process, guaranteeing that each tray meets your specifications and is clean and ready to use upon delivery. All trays interlock and are stackable.
